Grom and his Orcs are a regional menace.

They have raided the pastoral shires of Tenamen repeatedly and avoided retribution by hiding out in the nearby hills. What the honest folk of Tenamen sorely need is for a bunch of hard-nosed adventurer-types to pay Grom a visit and serve notice that his marauding won't be tolerated hereabouts.

But Orcs aren't the only things in those bleak hills overlooking Tenamen...

The Ruination of Tenamen is a dungeon scenario designed to challenge low level (Normal tier) players.
